## PRESIDENT'S MESSAGE

By Brenda Brush

Dear Friends,

Alan Oken brought everyone out for our April meeting and workshop. He was wonderful and everyone enjoyed what he shared. This time he talked about practical things and it was great. He will return May of 2005 to give an encore, and it will be on Soul-Centered Astrology.

We are certainly in the middle of strange cosmic energies. A solar eclipse happened at 30 degrees Aries on April 19<sup>th</sup> followed by a lunar eclipse on May 4<sup>th</sup> at 15 degrees Scorpio. It seems that we are tested in our ability to reinvent ourselves, and at the same time, things are being changed in our lives, never to return. Beginnings and endings all in one breath. The need to create the space for new energies to come in. End of an era and the chance to look at our lives in a completely new way. You may say, with Venus in Gemini opposing Pluto for the next

90 days, this is way too much information. Well, pay attention, because by the time we get to August, what you have taken for granted will have changed. New positive information and opportunities will be offered. Don't miss what is being offered. Don't overreact when the changes come; they are necessary.

I am also pleased to tell you that our speaker for this month will be Frank Signorella, a brilliant astrologer and numerologist, who comes to us highly recommended by Michael Lutin and Demetra George. Astrology and Chaldean Numerology is the subject of the lecture and workshop. Frank's expertise in the correlation of astrology to numbers is amazing. An easy and insightful method for grasping a person's essential energies. Practical information on the relationship of numbers to planets, elements and signs. Discover your magical number and planet. Increase your magnetic power.

At the May meeting, we will be introducing the newly elected board members and officers of the association. I am sure you will all want to be at that meeting to welcome our new leadership, and wish them well for the coming year. They, I know, will welcome your support by being there.

We will be taking the summer off and will resume our fall schedule the second Thursday in September with our guest, Lynda Hill. Lynda, a renowned astrologer from Australia, created an updated

version of Marc Edmund Jones Sabian Symbols. Her gift at interpreting the symbols and giving added information helps you use the symbols in a more profound way in your life. You won't want to miss our first meeting in September. Check our website, [www.sfaa.us](http://www.sfaa.us), from time to time to keep up with what is going on.

We always meet on the third Thursday for our meeting and the Saturday following for our workshop. Only in September, because of the Jewish holidays, we have to move it up to the second Thursday, September 9, with the workshop on the 11<sup>th</sup>.

We are drawing to the close of another year, a year of which I am so proud to be your president. You, the members of the association, have been wonderful in your support, and we are blessed to have worked and shared together this year. Without your dedication and untiring support, we could not have achieved the levels of success we did, and for that I am grateful to each and every one of you who pitched in, gave your time, and served with enthusiasm and verve that is rarely seen in any organization.

I am so looking forward to seeing you at the May meeting, and do hope that we will end this banner year with each and every member there for me to simply say thank you for being who you are.

Peace Be With You.

**ABOUT OUR  
SPEAKER**

Frank Signorella, C.A. NCGR, is a professional astrologer and numerologist. Through considerable research, Frank has developed a comprehensive system of **locational astrology** dating from Ptolemy to the present, with all the rules for gaining and losing power in a new locality. In addition, his work in election of **marriage charts**, which enhance all positive synastry aspects and mitigate the negatives, is well-known.

Astrologers worldwide have expressed their respect especially for Frank's expertise in the correlation of astrology to numbers, specifically as evidenced in the **Chaldean system** of numerology, which is symbiotically related to astrology.

He has contributed numerous articles to many publications, including *American Astrology*, *Geocosmic News*, *The Astrological Journal of Great Britain*, *TV Guide*, *Today's Astrogoer*, the *N.C.G.R. Journal*, *Welcome to Planet Earth* and Rome's *Il Messaggero*, as well as periodicals in India, Russia and South Africa. He is also featured in *The Astrology Encyclopedia*. Of particular note is "Power Stations" (Geocosmic News 1985), a groundbreaking analysis of the correlation of the AIDS

crisis with the entrance of Pluto and Saturn into Scorpio.

Frank served for six years as Publicity Chairman of the New York Chapter of the National Council for Geocosmic Research and 15 years on its teaching faculty. His many speaking engagements have included lectures at the United Astrology Congress in Washington, D.C. ## VENUS RETROGRADE

By Alice Kashuba

### Review

In 2002 Venus was retrograde in Scorpio from 15° 36' to 00°. The Lunar Eclipse on May 4th at 14° Scorpio 42' brings to mind all those feelings and energies we were going through at that time. We were asked to clean up and regenerate deep emotional issues with regard to intimate relationships. The eclipse helps us reconnect those insights and feelings. There is a lot of energy connected with this

degree. The co-rulers are Mars/Pluto. The co-rulers of the decanate are Jupiter/Neptune, and the dwad is Mars. Let us make sure we let go of old issues and redirect our vision.

### Remember

Neptune goes retrograde at Aquarius 15°24' on May 17 at 8:13 a.m. The symbol in the Fairchild Symbol set is *A man selling perfume from the back of a horse-drawn cart in the Middle East*. The terrorism and death in the Middle East raises some frightening questions. Is the perfume to cover the odors of the decaying bodies of the dead, so we won't know they are there? Or to anoint the dead and make us remember that relationships among peoples are important to establish peace? The co-rulers are Saturn/Uranus. The decanate is Mercury and the dwad is the Sun. The light of the Sun shines on the

situation, revealing it for what it is. We need to change the way we think of ourselves in relationship to the world.

### Redirect

Ten hours later on May 17, Venus goes retrograde at 26° Gemini 08'. The ruler is Mercury. The co-rulers of the decanate are Saturn/Uranus. The dwad ruler is Mars. The information we gather during this retrograde can help us change the way we act toward ourselves and others. It is time to focus on beauty, light and love. We can work through the illusions that keep us on the negative side of our lives. Recall what we dealt with during the last Venus retrograde and take responsibility for honoring what has died. Move forward toward something that will bring us peace, love and light.

### Rejoice

The New Moon on May 19 is 28° Taurus 33'. The rulers are Venus, Saturn and Mars, emphasizing the energy of the Venus retrograde. The Sun enters Gemini on May 20th. Light is focused on the Venus retrograde period, getting us ready for the occultation of Venus and Sun on June 8th at 17° 53' Gemini.

### Recommit

On May 21 the Moon and Venus are occult. The Moon eclipses Venus at 25°53' Gemini. The rulers have not changed: Mercury, Saturn/Uranus and Mars. The five days from May 17 through May 21 are an intense time to decide on what we will meditate during the Venus retrograde period.
